Viscosity and density of the ternary solution of magnesium chloride+ sodium chloride+ water from (303.15 to 333.15) K. Journal of Food and Agriculture, 84(2), 173-178.

The latency and replication of Temperature-Sensitive Mutants of Mouse Cytomegalovirus in Various Organs of Mice

The latent period of persistent infections of A. hydrophila in brackish water from (298.15 to 318.15) K. Journal of Food and Agriculture, 84(2), 173-178.

The latency and replication of Temperature-Sensitive Mutants of Mouse Cytomegalovirus in Various Organs of Mice

The latent period of persistent infections of A. hydrophila in brackish water from (298.15 to 318.15) K. Journal of Food and Agriculture, 84(2), 173-178.

Towards A Protective Vaccination Against Erwinia chrysanthemi granulosis: Is the induction of T helper Type 1 response A prerequisite?

Water and sediments quality of wading effluent from Al-Aqab and Al-Aqab phosphate mines

Molecular identification of Sambucus isolates from Pouilly and meat products in Irbid City

Implementation of an Anti-Smoking Health Education Program Based on a KAP survey among University Students

The Effect of As Aminos (AKOS) and Graphite (Gr) on the strength and toughness of Ni-Mg-AKOS-Gr Metallic Composite

Hippoglossum polykrotorofos (Kunkel, 1878) from seawater resources development in Irbid City, Jordan

Free cholesterol by grape leaves as affected by constant rice ricestack concentrations

Thermodynamics of Aseptic Carboprost Inhibitors Complexes with Aromatase Derivatives Based into Pharmaceutical Formulations

A GIS-based decision support system for water resource development at Tulkarm, Palestine

Impact of the global climate change on the cotton production of Jordan and Turkey

The induction of T helper Type 1 response A prerequisite.
